RULES AND REGULATIONS GOVERNING WORLD FAMOUS CHUCK WAGON RACES

The rules and regulations for this event are those adopted by the Canadian Rodeo Cowboys' Association with additional rules to apply only at the Calgary Stampede.

This event is for the Canadian Championship Title. Cash prizes in this event are open to the world, but each chuck wagon outfit must have a C.R.C.A. membership card.

All members of each outfit will be required to wear some identifying mark on their back and front to be furnished by the management or any other identifying mark so furnished.

Each outfit to consist of a wagon drawn by four-horse team, driver, four mounted men, all attired in cowboy costume, including bright colored shirts and cowboy hats or crash helmets, all five shirts must be of same color and registered with Stampede Committee before commencement of race. If a chuck wagon outfit is not ready when the race is called, they may be fined \$25.00 at the discretion of the management, the fine to be levied by the C.R.C.A. on request.

Each driver will be permitted to drive any two wagons, except, to replace a contestant suffering injury or illness at said rodeo or race meet.

In the finals, any outfit and/or owner running two wagons with the same driver, will be placed in separate heats. The slowest of the two wagons will race in the slower heat. Outriders may race with both wagons, but must use different horses, if in successive heats.

Only one man will be allowed to ride on wagon without consent of judges and the **CARRYING OR USE OF WHIPS OR THE END OF THE LINES WILL NOT BE PERMITTED ONCE OUTFIT HAS ENTERED THE GATE ONTO TRACK OR INTO THE CENTREFIELD.**

Wagons will be grouped at the discretion of the committee and in accordance with the best interests of the show.

Wagons must be regulation round-up chuck wagon (Standard running gear with double box which is not less than 38 inches wide, 20 inches high and ten feet long). Any gear measured from centre of spoke to centre of spoke at hub that exceeds 62 inches will be barred. Table—no false bolsters—bows, regulation stove supplied by committee to all entries will weigh the same, canvas fly to extend from the top of chuck-box at least eight (8) feet out from the wagon, two (2) poles to hold up outside end fly, with at least two (2) guy ropes to be used. Poles can be attached to fly, but cannot be long enough to swing out from back of wagon, they must be put under fly, 8 feet from rear of wagon. Bottom of stove rack must be solid so that a horse cannot catch his foot in it. No wording or advertisement is permitted on chuck wagon or fly except names or brands of owner and address of ranch or district represented.

All wagons will be weighed by judges appointed the day before the Stampede, at 1 p.m., and all wagons weighing under 1,325 pounds with driver on seat, will be supplied by the committee with sufficient additional weight to bring them up to that weight, and will be required to carry this additional weight in each heat run. If any contestant attempts to evade this ruling, he shall be barred from every competitive event on the program during the entire contest.

The barrels will be placed so as to equalize the distance to be travelled by each team when they go under the wire after going once around track, in order to place each contestant on the same basis. Camp ground will be allocated in accordance with starting position. Camping positions will be numbered from No. 1 up, starting from the east. Teams will be hitched to start, facing north, on east side of the south barrel, driver on seat. Horses saddled. One or not more than two outriders may hold team or saddle horses until driver starts team, after which time no assistance may be given the driver. The other outriders are to be grouped around stove which is to be set up at rear end of wagon, fly to be set up. Race starts when horn blows. Strike camp. Properly pack load, and secure equipment on wagon. Outriders will not be allowed to carry stove around track. Stove must be loaded in rack before wagon hits track or outfit will be penalized 4 seconds. If the stove is loaded on rack, and is knocked out or thrown out after wagon reaches the top barrel, the penalty will be (2) two seconds instead of (4) four seconds. Drivers and outriders will cut figure eight around barrels, each driver passing his first barrel on the right side. No assistance can be rendered driver by any of his outfit as to hazing team, etc. Driver must drive his own team. Four mounted men with each outrider must, at the discretion of the judges, stay behind their own wagon, so that other teams may pass their outfit if possible, providing that in all cases wagon must have right of way. Rider will be deemed late if he is back of flag when lead team hits wire. Flag will be approx. 125 feet back of finish line. After cutting figure eight around barrels on infield, outfits pass out on track on west side of barrel, turning to left, run around track and finish under wire. Time will be taken as each lead team passes under the wire, attached to wagon as part of four-horse team with driver holding reins.

Time shall be taken on each wagon, and the sixteen outfits having the best time each day shall respectively receive the day purses. Total time shall be recorded on each outfit for the first five days. The sixteen outfits having the best total time at the conclusion of the eighth day shall run in the FINALS on the NINTH DAY, and shall receive day money and the final money. In case sufficient wagons drop

out so that there will be at least twelve wagons in the final heat, all monies saved during the week will be split evenly among final money winners. All chuck wagon outfits other than the sixteen, qualifying for the finals on Saturday evening shall be entitled to compete in the Saturday Morning Round Up Chuck Wagon Race.

When horn blows, it is a race, and faulty equipment or mismanagement on the part of the contestant will not be sufficient cause for a re-run.

If an accident happens to the wagon or team of an outfit through the fault of another outfit, the outfit which causes the accident will receive time of three seconds slower than the last money-winner of that day, and the outfit whose time is affected through no fault of its own, provided that outfit is not a money winner that day will receive a time one second slower than the last money winner of that day. All wagons must complete the race if at all possible.

In cases where it is impossible for the judges to decide who was at fault, both contestants will receive a time for that heat three seconds slower than the last money winner of that day. This will apply only to wagons not day money winners.

As this is a race to show the skill of the driver and outriders, as well as the speed of the team, PENALTIES in seconds, may be imposed by the JUDGES for the following offences, according to the seriousness of same:

PENALTIES

Outriders helping driver after team starts—at discretion of Judges. Outfits individually or outfit by his or its actions interfering with other contestants at the discretion of the Judges.

Outriders being late or ahead of lead team—One Second, plus One Second if outrider fails to finish race.

Outrider missing or knocking over barrel; each offence—Two Seconds. Wagon starting ahead of horn—at discretion of Judges but minimum penalty of Two Seconds.

Wagon knocking over barrel; each barrel—Five Seconds.

Wagon missing barrel; each barrel—Ten Seconds.

Poles left or dragging; each pole—One Second.

Fly dragging or flapping when crossing finish line—One Second.

Stove left or lost, not in stove rack at finish line—Four Seconds.

Stove off ground or loaded before starting whistle blows—at discretion of Judges.

Drivers interfering with another wagon after finish of race may be penalized at Judges' discretion.

For whipping team with end of lines or any substitute—Two Seconds.

Outrider horses cannot run in more than one consecutive race or in more than two heats in any one performance.

The hub of the rear wheel on a chuck wagon must be in line with any part of the track barrel. If they are ahead of the track barrels when the starter's horn blows; a minimum of 2 Seconds penalty will be levied.

Each chuck wagon outfit must be ready and lined up at the gate ready to come into the arena when its heat is called, or it will be disqualified. If outriders are not ready when the race is scheduled to start the race starts without them and the wagon is subject to penalty.

The Judges may disqualify a contestant for one or more days if, in the opinion of the Judges, he has been guilty of a deliberate infraction of the rules.

Judges will appoint two Chute Judges to check all drivers and outriders in backfield before wagons come through gate into arena and report to Arena Director or gate tender any driver or outrider who, for any reason should in their opinion not be allowed to run if deemed a menace to other contestants.

In the case of a tie for first place in Calgary, a run off race may be held at the most convenient time which can be arranged by the Management. The barrel position will be drawn for at the time of the race and the race will be run from the No. 2 and No. 3 barrels.

The rules covering this event have been drawn up to cover all circumstances that could be anticipated, but the Judges have the right, in fairness to all concerned, to change or add to these rules in order to cover any specific case where in their opinion the rule as printed does not meet the situation. Judges' decisions will be final and no protests will be accepted or considered except as follows: when the film patrol is used for the purpose of detecting fouls, a protest to view any of the film must be accompanied by a \$25.00 deposit which will be returned if the protest is justified. All protests to be received at Stampede Office not later than 30 minutes after completion of final race. Special arrangements for protests on Saturday night will be posted in the Stampede Office.
